

Port Community Information Bulletin # 07-04
Marine Safety Office (813) 228-2197
Tampa, Florida

Effective Date: 03/18/04
Expiration Date: TBD

Facility Response Plan and Certificate of Adequacy Update Requirements

This Port Community Information Bulletin (PCIB) is to inform the owners or operators of each Coast Guard regulated facility that as of February 12, 2004, A & A Coastal's certification as a State of Florida Discharge Cleanup Organization has been revoked.

Any Coast Guard regulated facility utilizing the services of A & A Coastal to meet requirements set forth in 33 CFR Part 154.1028 and 33 CFR Part 158.200 Subpart B must submit proper documentation demonstrating compliance with the above listed Federal Regulations immediately to my office.

It is imperative that our Facility Branch receives this information to expedite verification of facilities compliance with facility response plan review and revision procedures and Certificate of Adequacy (COA) for oil reception facilities.

Please submit the requested information to facilities@msotampa.uscg.mil or via fax to (813) 228-2399.

If you have questions or comments regarding this bulletin please contact MST1 Angela Hollis of my staff at (813) 228-2191 x 8311.
